Takashimaya Company, Limited

Takashimaya Reports Earnings for the Three Months Ended May. 31, 2015

Tokyo, Japan Jun 26, 2015—Takashimaya Company, Limited (TSE Security Code 8233) announced consolidated sales and other operating revenue of 219,392 million yen for the first quarter (ended May 31, 2015) of the fiscal year ending February 29, 2016, and net income of 6,319 million yen, or 15.72 yen per diluted share.

Qualitative Information about Consolidated Operating Results

Summary of Operating Results

During the cumulative consolidated first quarter (March 1 - May 31, 2015), the Japanese economy showed good growth prospects amid a recovery one year after the consumption tax hike. There was also an increase in inbound demand reflecting the rising numbers of foreign visitors, and department stores and other business made efforts to raise the level of consumption.

Against this backdrop, the Takashimaya Group took steps to improve its business performance by enhancing its sales capabilities, but its sales results fell short of those for the previous year, when there was a last-minute surge in demand before the consumption tax hike.

Consequently, total consolidated sales and other operating revenue for the Takashimaya Group was 219,392 million yen (down 2.2% compared with the corresponding period of the previous fiscal year). Consolidated operating income was 7,451 million yen (down 1.1% compared with the corresponding period of the previous fiscal year), consolidated ordinary income was 8,347 million yen (down 2.4% compared with the corresponding period of the previous fiscal year), and consolidated net income for this quarter was 6,319 million yen (up 38.9% compared with the corresponding period of the previous fiscal year).

Operating performance by segment is discussed below.

Department Stores

Sales results in the Department Stores segment fell short of those for the previous year, which saw a lastminute surge in demand before the consumption tax hike. However, thanks to measures taken to capitalize on the growing inbound demand, duty-free sales trebled compared with the previous year, and out-of-store sales were strong.

In terms of merchandise, the Group expanded its range of unique products based on the key words of high quality, topicality, and profit. For example, on April 29, the Tamagawa Store opened Utsuwa Hyakusen and WAGOTO, which emphasize traditional production centers and handicraft. The Group plans to expand these outlets to other department stores. The Group also targeted overseas visitors by developing high-quality products based on home-grown materials and production techniques that exemplify Japan's world-renowned manufacturing. As an example of these efforts, a lineup of products featuring Okayama denim was launched in April as part of NIPPON MONOGATARI, a Japanese tradition and culture-themed sales promotion project.

As for attracting customers, the Group drew a broad range of customers to its stores by holding cultural and topical events unique to Takashimaya. For example, it held a Kyoto Hosomi Bijutsukan Museum exhibition, an event commemorating the 400th anniversary of the establishment of the Rimpa school, and during the Golden Week holiday period, it held a mascot character event that appealed to three generations.

Regarding the situation overseas, Takashimaya Singapore Ltd. failed to attract as many customers as last year owing to the rise in the Singapore dollar, and sales to international tourists were down also. On the other hand, the store benefited from the Chinese New Year shopping spree, and there were also satisfactory sales among card-carrying customers thanks to the success of customer retention measures, including a strengthening of the Takashimaya loyalty card privilege system and improved treatment to VIP customers. Revenue and earnings were also buoyed by a favorable exchange rate due to the weakening yen.

Shanghai Takashimaya endeavored to rebuild its product structure on the theme of family and lifestyle and strengthened customer services, and it achieved strong sales for ladies goods, children's clothing, and food products. The store also contributed toward the strengthening of exhibitions held in event spaces, increasing revenue yield. Operating loss was down significantly compared to last year owing to a cut in sales and administration expenses.

Consequently, sales and other operating revenue were 193,344 million yen (down 2.6% compared with the corresponding period of the previous fiscal year), and operating income was 3,236 million yen (down 17.4% compared with the corresponding period of the previous fiscal year).

Contract & Design

In the Contract & Design segment, revenue was down. This was due to the fact that Takashimaya Space Create Co., Ltd. received fewer orders for commercial facilities and other large buildings during the slump that followed the surge in demand ahead of the consumption tax in March last year. However, operating income was increased thanks to the acquisition of highly profitable orders from hotels and similar facilities.

Consequently, sales and other operating revenue were 4,980 million yen (down 10.3% compared with the corresponding period of the previous fiscal year), and operating income was 112 million yen (up 41.8% compared with the corresponding period of the previous fiscal year).

Real Estate

In the Real Estate segment, Toshin Development Co., Ltd. reported robust revenue and earnings among its existing shopping centers, notwithstanding the slump that followed the surge in demand ahead of the consumption tax in March last year. It endeavored in particular to strengthen the Tamagawa area in anticipation of increased visitors following the second-phase development of Rise, peripheral high-rise commercial facilities, and it endeavored to increase its rent income in this area. Hakata Riverain also saw a significant increase in income, attributable to the continued strong performance of the family-oriented tenants which opened last year. As for Toshin Development Singapore Pte., Ltd., revenue and earnings were positive thanks to an increase in rent income and a favorable exchange rate.

Consequently, sales and other operating revenue were 9,719 million yen (up 3.1% compared with the corresponding period of the previous fiscal year), and operating income was 2,607 million yen (up 16.4% compared with the corresponding period of the previous fiscal year).

Finance

In the Finance segment, Takashimaya Credit Co., Ltd. increased its card membership through an acquisition strengthening program and a members' services improvement program, which were enacted as part of a program to commemorate the thirtieth anniversary of the company's foundation. Accordingly, it increased its annual fee income. Revenue and earnings were further strengthened by satisfactory income from handling fees for affiliate cards.

Consequently, sales and other operating revenue were 3,316 million yen (up 2.7% compared with the corresponding period of the previous fiscal year), and operating income was 1,146 million yen (up 0.9% compared with the corresponding period of the previous fiscal year).

Other

The Cross Media Division reported a strong performance, which met targets. Catalogue media saw increased sales owing in part to the success of new measures such as partnerships with mail order companies. Net media also expanded sales significantly compared to the previous year.

The R. T. Corporation Co., Ltd. achieved satisfactory sales in its existing stores and its new stores, which include the Ginza store of Din Tai Fung and the Toranomon store of Sweet Dynasty. It increased revenue and earnings further by slashing costs.

Consequently, sales and other operating revenue were 8,032 million yen (up 7.5% compared with the corresponding period of the previous fiscal year), and operating income was 100 million yen (up 38.8% compared with the corresponding period of the previous fiscal year).

Qualitative Information about Consolidated Financial Status

Summary of Financial Status

Assets at the end of the consolidated first quarter of the fiscal year totaled 978,459 million yen, down 1,152 million yen compared with the corresponding period of the previous fiscal year. This was mainly due to a decrease in cash, savings, and short-term securities. Liabilities totaled 563,527 million yen, down 7,606 million yen compared to the corresponding period of the previous year. This was mainly due to a decline in short term loans payable. Net assets totaled 414,931 million yen, up 6,453 million yen compared to the corresponding period of the previous year.

Regarding cash flows provided by operating activities, income totaled 3,733 million yen, down 11,670 million yen compared to the corresponding period of the previous fiscal year. This was mainly due to a 4,197 million yen increase in loss on the sale of short-term investment securities and investment securities, and a 1,834 million yen increase in corporation tax payments and other tax payments.

Net cash used in investment activities was 1,903 million yen, a decrease of 109,488 million yen compared to the corresponding period of the previous fiscal year. This was mainly due to a 102,340 million yen decrease in the purchase of property, plant and equipment and intangible assets, and an 8,397 million yen increase in gain on the sale of short-term investment securities and investment securities.

Net cash used in financing activities was 10,690 million yen (it was 17,807 million yen in the corresponding period of the previous fiscal year). This was mainly due to a 15,000 million yen increase in repayments of long-term loans, and a 13,400 million yen decrease in proceeds from long-term loans payable.

Accordingly, the cash and cash equivalents at the end of the consolidated first quarter of the fiscal year totaled 75,385 million yen, a decrease of 11,112 million yen from the corresponding period of the previous fiscal year.
