Takashimaya Reports Earnings for the Nine Months Ended November 30, 2015

Tokyo, Japan December 25, 2015 - Takashimaya Company, Limited (TSE Security Code 8233) announced consolidated sales and other operating revenue of 669,539 million yen for the third quarter (ended November 30, 2015) of the fiscal year ending February 29, 2016, and net income of 16,249 million yen, or 40.72 yen per diluted share.

Qualitative Information about Consolidated Operating Results

During the cumulative consolidated third quarter (March 1 - November 30, 2015), the Japanese economy experienced continuing, albeit gradual, recovery. There was also an increase in inbound demand reflecting the rising numbers of foreign visitors, and department stores saw an increase in sales. However, there has recently been a slowdown in domestic consumer spending in some areas, prompting increasing uncertainty about the outlook.

Against this backdrop, the Takashimaya Group took steps to improve its business performance by enhancing its sales capabilities.

Consequently, total consolidated sales and other operating revenue for the Takashimaya Group was 669,539 million yen (up 2.1% compared with the corresponding period of the previous fiscal year). Consolidated operating income was 21,276 million yen (up 19.3% compared with the corresponding period of the previous fiscal year), consolidated ordinary income was 25,052 million yen (up 21.8% compared with the corresponding period of the previous fiscal year), and consolidated net income was 16,249 million yen (up 24.7% compared with the corresponding period of the previous fiscal year).

Operating performance by segment is discussed below.

Department Stores

In the Domestic Department Store segment, new efforts were made to capture a share in growing markets and thereby achieve further revenue-increase. As part of Nihombashi redevelopment plan, Takashimaya Watch Maison opened for business on October 7. This new store boasts one of the largest watch selections in the world with 83 watch brands. After gaining a good reputation primarily among domestic customers, the store worked to attract overseas visitors. As a result of these efforts, the store posted significantly higher-than-expected sales. Efforts were also made to expand existing retail areas. Specifically, Takashimaya Style Maison, which opened in Ebina City, Kanagawa Prefecture on October 29, has attracted a customer base primarily among suburban parents in their 30s and 40s, and many of these customers also visit the Yokohama store.

Inbound sales remained strong. The inbound sales from October on, which is more than a year since the expansion of tax-free items in October 2014, were up 80% compared to the previous year.VIP customers sales were also strong, particularly in large-size stores, and this was a major driving force behind the overall sales growth.

Regarding the Omni-channel retail strategy, the online store website was redesigned in October to make it easier for customers to use. In addition, efforts were made to forge new relationships with customers among the next generation and to reach out more effectively to customers living in remote areas. As part of these efforts, the Takashimaya e-Salon was launched to attract our VIP customers. New initiatives were also pioneered. For example, in response to customer demand, the Showroom Store was opened in six regional suburban stores in order to exhibit for a limited period brands that are not usually handled.

As for attracting customers, the segment drew a broad range of customers to its stores by holding cultural events with a high customer attraction effect. Examples include the "Tetsuko no Heya (Tetsuko's Room) Exhibition: Celebrating 10,000 episodes of Tetsuko no Heya since its first broadcast 40 years ago," and "Toyoko Yamasaki Memorial Exhibition: A life of unyielding coverage and passion for writing."

As a result of the above initiatives, the Domestic Department Store business reported increased revenue and earnings.

Regarding the situation overseas, Takashimaya Singapore Ltd. achieved excellent sales among card-carrying customers thanks to domestic demand remaining robust and the success of measures such as a strengthening of the privilege system enjoyed by Takashima credit card holders. Its performance was further buoyed by a favorable exchange rate due to the weak yen. Shanghai Takashimaya endeavored to rebuild its product structure on the theme of family and lifestyle and strengthened customer services, and it achieved strong sales for ladies goods, children's clothing, and food products. The store further contributed to its success by strengthening exhibitions held in event spaces and promoting sales in newly-introduced bonded products. Operating loss was down significantly compared to last year owing to a cut in sales and administration expenses, including rent.

Consequently, sales and other operating revenue were 587,858 million yen (up 1.8% compared with the corresponding period of the previous fiscal year), and operating income was 8,846 million yen (up 25.3% compared with the corresponding period of the previous fiscal year).

Contract & Design

Revenue was up in the Contract & Design segment thanks to Takashimaya Space Create Co., Ltd.'s favorable performance with regard to construction work orders for commercial facilities and other large buildings. Operating income was increased due to the successful acquisition of highly profitable orders from hotels and similar facilities.

Consequently, sales and other operating revenue were 17,405 million yen (up 3.5% compared with the corresponding period of the previous fiscal year), and operating income was 808 million yen (up 45.6% compared with the corresponding period of the previous fiscal year).

Real Estate

In the Real Estate segment, Toshin Development Co., Ltd. reported robust revenue and earnings among its existing shopping centers, notwithstanding the slump that followed the surge in demand ahead of the consumption tax hike in March last year. In particular, it stepped up efforts in the Tamagawa area in anticipation of increased visitors following the second-phase development of Futako Tamagawa Rise (peripheral high-rise commercial facilities). It also undertook various other initiatives aimed at expanding revenue; for example, it re-opened Marronnier Court, a shopping center annex of Tamagawa Takashimaya. It also took measures to cater to inbound demand, particularly in the Shinjuku and Namba areas in order to increase revenue. Hakata Riverain also saw a significant increase in revenue. The new opening of the "Takashimaya Kinds' Patio" gave rise to a multiplier effect with the family-oriented tenants, which opened last year, leading to increased use among three generations. As for Toshin Development Singapore Pte., Ltd., revenue and earnings were positive thanks to an increase in rent income and a favorable exchange rate. Consequently, sales and other operating revenue were 29,716 million yen (up 5.2% compared with the corresponding period of the previous fiscal year), and operating income was 7,784 million yen (up 16.0% compared with the corresponding period of the previous fiscal year).

Finance

In the Finance segment, revenue and earnings were strengthened thanks to the success of Takashimaya Credit Co., Ltd.'s acquisition strengthening program and members' services improvement program, which were enacted as part of a program to commemorate the thirtieth anniversary of the launch of the card, and also because of the satisfactory income from handling fees for affiliate cards.

Consequently, sales and other operating revenue were 9,450 million yen (up 3.8% compared with the corresponding period of the previous fiscal year), and operating income was 3,231 million yen (up 6.6% compared with the corresponding period of the previous fiscal year).

Other

The Cross Media Division reported a strong performance. Catalogue media saw increased sales thanks to the success of new measures such as partnerships with mail order companies, and net and television media also expanded sales compared to the previous year. On the other hand, the division's proactive sales strategy entailed an increase in advertising expenses and other expenses, resulting in an increase in operating loss.

The R. T. Corporation Co., Ltd. achieved satisfactory sales in its restaurants "Din Tai Fung" and "Sweet Dynasty." It increased revenue and earnings further by pursuing cost-cutting measures. Consequently, sales and other operating revenue were 25,108 million yen (up 5.1% compared with the corresponding period of the previous fiscal year), and operating income was 577 million yen (down 3.7% compared with the corresponding period of the previous fiscal year).

Accordingly, the cash and cash equivalents at the end of the consolidated second quarter of the fiscal year totaled 62,939 million yen, a decrease of 23,558 million yen from the corresponding period of the previous fiscal year.
