Nihombashi Takashimaya Shopping Center Has Arrived!

New wing to open on Tuesday, September 25, 2018

Nihombashi Store (the main wing) Undergoes First Phase of Renewal

On Tuesday, September 25, 2018, at 10:30 am, Nihombashi Store's new wing (a specialty shop area) will open its doors, marking the arrival of Nihombashi Takashimaya Shopping Center. This new, urban shopping center consists of four buildings (main wing, new wing, east wing, and Watch Maison) and a total floor space of approximately 66,000 m².

To coincide with the new wing's opening, the main wing (designated as an important cultural asset) has undergone the first of a series of renewals. Specifically, we have revamped the confectionary sales area in the newly completed entranceway from the Tokyo Metro subway lines. The main wing has some new stores too. One is Belle Sympathique (1F), a comprehensive beauty salon offering makeup, nail care, and hair care. Another is SHOEWORLD (3F), the largest ladies' shoes store in the area. There is also a new restaurant, LES CAVES de TAILLEVENT TOKYO (8F), which offers an exquisite wine and food marriage.

The new wing boasts a total of 115 specialty stores (as of September 6), some of which are making their debut in Japan. We have made sure that the lineup of stores will meet the needs of people who live and work around Nihombashi. For example, there are stores that open early in the morning, allowing people to drop by on their way to work, and stores that offer an intangible feel-good factor. There are many other stores that people will want to visit everyday, including food stores, fashion/sundries stores, and restaurants.
