**Nagareyama-Otakanomori**
- We’re working with a railway company to develop real estate along the Tsukuba Express line

**Takashimaya Osaka’s East Wing**
- We’re attracting a hotel tenant to East Wing to capitalize on the growing inbound tourist numbers

**Yokohama**
- We’re revamping the basement floor in conjunction with redevelopment of the station

**Financial services**
- We’ve improved in-store financial products (e.g. finance options for product purchases and insurance)
1) Strategic Vision: **Nihombashi Takashimaya** (Machi-dukuri in Action)

**A new kind of urban shopping center**
(a retail oasis in the heart of the capital)

**Goals:**
- Generate new foot traffic in Nihombashi area
  (Muromachi, Toyosu, Nihombashi, Kyobashi, Ginza)
- Create an attractive complex integrating department store with specialty stores
  (a 4-building complex with an Important Cultural Property at its heart)
- Create seasonal retail spaces and intangibles
  (115 tenants, including 65 restaurants and food brands)

**Outcome: Operating income on target** (sales as forecasted, foot traffic up 43% YoY)
- Synergy between department store and specialty stores
  (Annex→Main building: 68%  Main building→Annex: 47%)
- Tapping into new demand (new families in bay area and office workers) to complement existing
  the affluent customer (childrenswear sales up 4.2% YoY, 75% of visiting office workers use the
  complex weekly)
2) Portfolio Challenges

- Urgent need to increase profitability of domestic department stores (the source of the Takashimaya brand)
- Must go further in developing lucrative businesses (e.g., finance and overseas businesses such as commercial development)

3) Key Elements of Strategy

- Optimize corporate value by boosting earnings and maintaining growth
- Ensure that shareholders get fair share of the sustained growth

**Shareholder returns**
Give shareholders their fair share

**Sustained growth**
Expand finance and overseas businesses

**Boost earnings**
Make domestic department stores more profitable

**Reinvest**
Increase investment in growing sectors

**Toward optimal corporate value**
3) Key Elements of Strategy

(1) Boost earnings
(2) Maintain growth
(3) Deliver reasonable shareholder returns
(1) Boost Earnings: Make domestic department stores more profitable

Problem: Depopulation, sales tax hike, falling tax-free sales, falling margins

Solution: Accelerate cost-cutting efforts to improve profitability

Threefold program to improve profitability

1. Rationalize stores
   Close unprofitable stores, optimize sales space

2. Rein in spending
   Overhaul investment strategy (operations, facilities, systems)

3. Slim down workforce
   Rationalize store management and back office operations
(1) Boost Earnings: **Rationalize operations in Yokohama retail area**

- Outskirts of Yokohama: Close Konandai Store and satellite shop in Ebina (Takashimaya Style Maison)
- Yokohama store to coverage in local area with phased expansion food sales area starting in Autumn 2019

**Yokohama retail area**

- **Ebina**: 35 mins (from Yokohama Station)

**Diagram Notes**

- **Feb 2020:** Satellite shop (Takashimaya Style Maison) in LaLaport Ebina to close
- **Aug 2020:** Konandai Store to close
- **Tokaido Shinkansen**
- **Sotetsu line**
- **Shin-Yokohama**: 10 mins
- **JR Negishi Line**
- **Konandai**: 25 mins
- **Municipal subway**
- **Takashimaya Food Maison (a supermarket) will continue**

From Autumn 2019:
- Phased expansion of sales space
- 2021: Become one of largest food sales areas in Japan
(1) Boost Earnings: **Sell stake in Yonago Takashimaya**

- Sell entire stake in Yonago Takashimaya to local firm Joy Urban
- Joy Urban will assume the department store operation, retaining the same customers, suppliers, and workforce

**Kakuban-cho, Yonago City**

- **Sep 27:** Indoor parking (Yeasty Place) renovated
- **Nov 22:** Multipurpose complex (Good Bless Garden) will open

= Joy Urban’s redevelopment project
(2) Maintain Growth: **Growth strategy**

To maintain growth, expand two lucrative areas of business…

1. The finance business
2. Overseas businesses, including commercial development

<table>

- Maintain stable dividends while ensuring shareholders get fair share of earnings

In 2015, we bought back shares from H2O Retailing Corporation (with whom we had a cross-shareholding relationship), The data for FY2019 is pre-IFRS 16
Whole group is on board with SDGs agenda

We can only achieve sustainable corporate growth by addressing global challenges (such as climate issues and poverty)
