Takashimaya Company, Limited

Takashimaya Reports Earnings for the Year Ended February 28, 2018

Tokyo, Japan April 9, 2018—Takashimaya Company, Limited (TSE Security Code 8233) announced consolidated operating revenue of 949,572 million yen for the fiscal year ending February 28, 2018, and profit attributable to owners of parent of 23,658 million yen, or 59.58 yen per diluted share.

Qualitative Information about Consolidated Operating Results

The consolidated performance was as follows: Total consolidated operating revenue for Takashimaya Group was 949,572 million yen (up 2.8% compared with the corresponding period of the previous fiscal year), consolidated operating income was 35,318 million yen (up 3.9% compared with the corresponding period of the previous fiscal year), consolidated ordinary income was 38,606 million yen (up 3.7% compared with the corresponding period of the previous fiscal year), and consolidated profit attributable to owners of parent was 23,658 million yen (up 13.4% compared with the corresponding period of the previous fiscal year).

Operating performance by business segment is discussed below.

Department Stores

The Department Stores segment posted sales and operating revenue of 826,561 million yen (up 3.7% compared with the previous year), and operating income of 13,509 million yen (up 10.9% compared with the corresponding period of the previous fiscal year).

The Department Stores segment saw higher earnings amid stable personal consumption, increased inbound demand, strong sales of expensive goods and general goods, and an upturn in clothing sales.

Regarding stores and facilities, we fully refurbished the Takasaki Store in September last year to coincide with the redevelopment of the Takasaki Station's façade. Senboku Store, Tachikawa Store, and Yonago Store collaborated with specialty stores and government bodies to develop a framework that attracts greater numbers of visitors. As a result of these revenue-boosting strategies, all stores made a profit.

Regarding merchandise strategy, we leveraged the curatorial finesse of department stores as part of a back-to-basics drive to develop attractive and shoppable sales spaces.

In addition to shopping experiences, our large stores offered culturally enriching events for customers to enjoy within the building.

We expanded points of connections with customers and made shopping more convenient by actively developing our alliances with other companies. In addition to our joint marketing campaign with NTT DOCOMO and Loyalty Marketing, Inc., we teamed up with Sony Bank Inc. to launch the first department store debit card, Takashimaya Platinum.

We also made efforts to capture the growing inbound demand. Ahead of the surge in inbound demand from the end of the year to the Chinese New Year / Spring Festival, we worked to prepare a sales environment that caters to overseas visitors. For example, we increased the number of sales areas in our major stores that are compatible with Chinese mobile payment services (Alipay, WeChat Pay) and improved the Wi-Fi environment. Additionally, we pursued an aggressive sales campaign aimed at drawing tourists into our stores, and as a result of this campaign, net sales and sales volume were significantly higher than the previous year. Shinjuku Store saw the opening of airport-style duty-free shop, A&S Takashimaya Duty Free, in April last year. In a further effort to boost sales among overseas visitors, the Store coordinated its specialty stores and restaurant area and bolstered its public relations and sales promotion activities under a unified Takashimaya Times Square framework.

The corporate business division's aggressive sales efforts proved successful thanks in part to a favorable business environment. Consequently, corporate revenue significantly increased.

As for the overseas department stores, Singapore Takashimaya Ltd. developed its loyalty card membership, stepped up its efforts toward international tourists, pursued a digital media-focused advertising strategy, and cut SG&A expenses. These efforts resulted in an increase in revenue and profits. Shanghai Takashimaya Co., Ltd. saw growing sales buoyed by strong personal consumption. The store differentiated itself by promoting its Japanese-Goods Store, a retail space devoted to showcasing Japanese culture and selling Japanese goods, and by opening a new sales area for directly imported high-quality Japanese goods. It also expanded its loyalty membership base by strengthening its loyalty card policies. Takashimaya Ho Chi Minh City has garnered esteem among locals and has made steady progress in developing its loyalty card membership. The Store improved its product lineup, reflecting customer needs, and it jointly organized promotional events with specialty stores. These and other initiatives proved successful and contributed to strong performance.

Real Estate

The Real Estate segment posted sales and other operating revenue of 47,476 million yen (down 0.9% compared with the corresponding period of the previous fiscal year) and operating income of 11,393 million yen (up 3.3% compared with the corresponding period of the previous fiscal year).

In this segment, Toshin Development Co., Ltd. worked to secure profits by leasing residential apartments in Yokohama Kita-Saiwai Building. It also collaborated with department stores to make concrete progress in the Machi-dukuri Strategy. Regarding the segment's activities in Japan, under the redevelopment of Nihombashi, the new store will partially open in September 2018 and fully open in 2019. In the run-up to these events, Toshin Development are working to standardize services and proceed with leasing and facility development projects. The Tachikawa TM Building, which houses the Tachikawa Store, introduced a new tenant—Nitori—to serve as an anchor drawing people into the building. To mark the 10-year anniversary of Nagareyama Otakanomori Shopping Center, the developer built a kids' zone in the shopping center featuring children's goods and a childcare facility in an effort to highlight the local area as a great place to raise a family. Consequently, the shopping center saw a year-on-year increase in sales and number of visitors. To mark the 25-year anniversary of Kashiwa Takashimaya Station Mall, Toshin Development set about improving the convenience of the mall and further establishing it as a fixture of daily life, taking advantage of the fact that it adjoins the station.

As for overseas real-estate, Saigon Centre—a commercial facility which has Takashimaya Ho Chi Minh City as an anchor tenant—entered its second year of operation and steadily increased its sales by offering the high-quality merchandise and hospitality expected of the Takashimaya Group. In March last year, we acquired a portion of the property rights for A & B Tower and furthered our Machi-dukuri Strategy in the Ho Chi Minh City.

Finance

The Finance segment posted sales and other operating revenue of 14,187 million yen (up 5.8% compared with the corresponding period of the previous fiscal year) and operating income of 4,563 million yen (up 1.5% compared with the corresponding period of the previous fiscal year).

In this segment, Takashimaya Credit Co., Ltd. marked the tenth anniversary of the "gold" Takashimaya card by conducting a campaign to acquire new members and promote use of the card. In this way, the company endeavored to improve commission revenue by increasing the number of members and the amount of card transactions. These efforts yielded an increase in revenue and profits.

Contract & Design

The Contract & Design segment posted sales and other operating revenue of 25,916 million yen (down 16.1% compared with the corresponding period of the previous fiscal year) and operating income of 1,207 million yen (down 48.4% compared with the corresponding period of the previous fiscal year).

In this segment, Takashimaya Space Create Co., Ltd. achieved steady business for large hotels and home renovation-related projects, but with a reactionary decline following last year's large project, the segment posted a decrease in revenue and profits.

Other

The Other segment posted sales and operating revenue of 35,430 million yen (up 3.8% compared with the corresponding period of the previous fiscal year) and operating income of 3,331 million yen (up 42.7% compared with the corresponding period of the previous fiscal year).

Within the Other segment, the Cross Media Division significantly improved its earnings by revising its catalogue media policies, and as a result, the division swung into the black.
