Takashimaya Reports Earnings for the Nine Months Ended Nobember 30, 2017

Tokyo, Japan December 25, 2017—Takashimaya Company, Limited (TSE Security Code 8233) announced consolidated operating revenue of 678,894 million yen for the second quarter (nine months ended November 30, 2017) of the fiscal year ending February 28, 2018, and profit attributable to owners of parent of 14,477 million yen, or 36.43 yen per diluted share.

Summary of Operating Results

Department Stores

The Department Stores segment posted sales and operating revenue of 596,765 million yen (up 4.3% compared with the corresponding period of the previous year), and operating income of 8,075 million yen (up 15.4% compared with the corresponding period of the previous fiscal year).

The Department Stores segment saw higher earnings amid the increasingly stable personal consumption and the continually favorable inbound demand. Sales of expensive goods continued to be particularly strong, and high-volume products like clothing and general goods performed well too.

Regarding stores and facilities, following in the footsteps of larger stores, Tamagawa Store opened Hello Baby Salon, a sales space dedicated to uniquely curated merchandise that caters to the needs and sensibilities of customers who are raising children. Similarly, the Osaka Store and Shinjuku Store rearranged their children's goods areas to create a new sales space, Dear Kids Square, which offers childrearing lifestyle options in a holistic manner. Through these efforts, we will extend our customer base to parents and, by extension, their children, and thus gain next generation customers.

In addition, the Shinjuku Store and Yokohama Store opened Suit Closet, a business attire sales space for working women. As for menswear, with a view to attracting next generation customers, the Osaka Store opened Takashimaya Style Order Salon, a bespoke menswear area that emphasizes individuality. Regarding cultural transmission, to offer our customers culturally enriching experiences, we held cultural events on themes that are close to our customers' hearts.

Regarding alliances with other companies, we continued to work with NTT DOCOMO and Loyalty Marketing, Inc. in a joint marketing campaign directed at both companies' customers and loyalty scheme membership.

In October this year, we teamed up with Sony Bank Inc. to launch the first department store debit card, Takashimaya Platinum, with a view to enhancing convenience for customers and capturing new customers. As for our efforts to capture inbound demand, in addition to our existing efforts in this area, we enlarged the tax-refund counter in the Osaka Store in November this year and made various other efforts to upgrade our tourist-related services. As a result, sales and visitor numbers once again increased significantly from the previous year. Also, in April this year, an airport-style duty-free shop was opened in Takashimaya Times Square, Shinjuku, by A&S Takashimaya Duty Free, a joint venture with ANA Trading and Hotel Shilla (Head office: Seoul, South Korea). We endeavored to integrate the airport-style duty-free shop with Shinjuku Store as part of our strategy to attract international customers.

The corporate business division's aggressive sales efforts paid off, resulting in a significant increase in revenue.

Regarding overseas stores, amid signs of an upturn in Singapore economy, Takashimaya Singapore Ltd. stepped up its sales approaches toward its card-carrying customers, and it also achieved steady sales among tourists, resulting in increased revenue from August onward.

Shanghai Takashimaya Co., Ltd. saw growing sales buoyed by strong personal consumption. The store continued to differentiate itself by promoting its Japanese-Goods Store, a retail space devoted to showcasing Japanese culture and selling Japanese goods, and by opening a new sales area for directly imported high-quality Japanese goods. It also expanded its loyalty membership base by strengthening its loyalty card policies and improved its customer retention, resulting in increased earnings.

Since it opened in July last year, Takashimaya Ho Chi Minh City has proved popular among locals and made steady progress in developing its loyalty card membership. The store jointly organized promotional events with specialty stores and undertook various other initiatives, all of which proved successful and contributed to strong performance.

Real Estate

The Real Estate segment posted sales and other operating revenue of 29,800 million yen (down 4.3% compared with the corresponding period of the previous fiscal year) and operating income of 7,544 million yen (down 4.7% compared with the corresponding period of the previous fiscal year).

In this segment, Toshin Development worked together with department stores to advance the Machi-dukuri Strategy.

To mark the 10-year anniversary of Nagareyama Otakanomori Shopping Center, which Toshin Development operates, the developer built a kids' zone in the shopping center featuring children's goods and a childcare facility (a crèche and breastfeeding area) in an effort to highlight the local area as a great place to raise a family. Consequently, the shopping center saw a year-on-year increase in sales and number of visitors. Toshin Development also actively engaged in developing surrounding areas. For example, it worked with Tsukuba Express (TX) operator, Metropolitan Intercity Railway Company, to develop Nagareyama Otakanomori Shopping Center, a commercial facility that utilizes the space of an elevated walkway connecting to TX Nagareyama Otakanomori Station.

To mark the 25-year anniversary of Kashiwa Takashimaya Station Mall, Toshin Development enriched the fashion area, which targets working people in their 30s and 40s, and created a large bookshop floor catering to a broad range of customers. The developer will continue to gradually renew the mall, taking advantage of the fact that it adjoins the station.

As for overseas real estate, Saigon Centre, which opened for business in Ho Chi Minh City July last year, has provided a shopping environment with a high standard of quality, safety, and peace of mind, and thus increased its popularity among customers. In March this year, we acquired a portion of the property rights for A & B Tower, which we intend to use to further our Machi-dukuri Strategy in the Ho Chi Minh City.

Finance

The Finance segment posted sales and other operating revenue of 10,572 million yen (up 6.1% compared with the corresponding period of the previous fiscal year) and operating income of 3,268 million yen (down 2.8% compared with the corresponding period of the previous fiscal year).

In this segment, Takashimaya Credit Co., Ltd. marked the tenth anniversary of the "gold" Takashimaya card by conducting a campaign to acquire new members and promote use of the card. It also endeavored to improve commission revenue by increasing the number of members and the amount of card transactions. These efforts yielded an increase in earnings.

Contract & Design

The Contract & Design segment posted sales and other operating revenue of 18,244 million yen (down 15.3% compared with the corresponding period of the previous fiscal year) and operating income of 568 million yen (down 58.9% with the corresponding period of the previous fiscal year).

In this segment, Takashimaya Space Create Co., Ltd. made steady progress in construction work for large hotels and department stores, but with a reactionary decline following last year's large project, the segment posted a decrease in revenue and profits.

Other

The Other segment, including Cross Media Division, posted sales and operating revenue of 23,511 million yen (down 1.8% compared with the corresponding period of the previous fiscal year) and operating income of 2,042 million yen (up 91.4% compared with the corresponding period of the previous fiscal year). Regarding the Cross Media Division specifically, the segment's efforts to improve profitability by revising its catalogue media policies contributed significantly to the above results.
